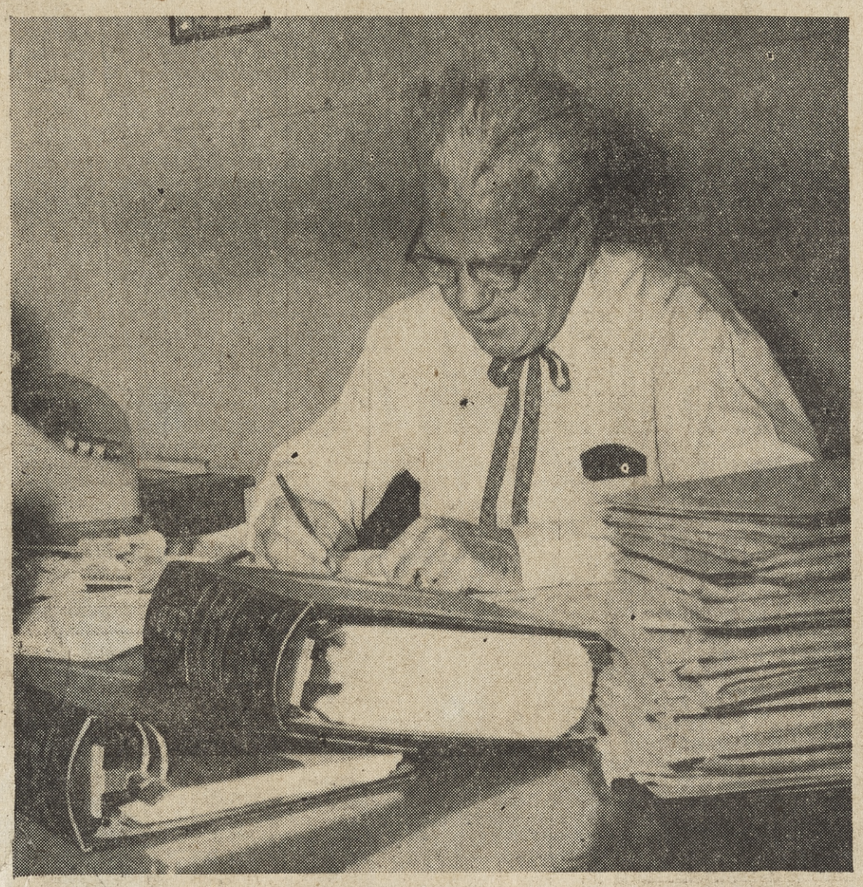
TAXPAYERS PUSH FOR PARK



THE DEADLY DATE — Think you have troubles with your income tax form? How about the professional income tax experts who figure out dozens of them? Here, Lemon Grove tax consultant A.E. (Bob) Howell pores over the last batch of reports as the April 15 deadline nears. —Staff Photo

The DIMMER VIEW

by MAX GOODWIN

There's a remarkable people-to-people program for world peace under way which starts with the Americas.

It is more than of cursory interest to us because the program started in Lemon Grove and the headquarters is here too.

Father of the project is John E. Penery Jr., an educator who lives at 8401 Adams ave., Lemon Grove. Penery quit his job as professor of educational psychology and sociology at S. D. State College to develop the Inter-American Education Expeditions, the machinery by which peace through understanding will be attempted.

He told us he put more than twelve thousand dollars of his own resources in the project because he felt that was the one soft spot of Communistic expansion in the Americas and the area in which Communism could be successfuly obstructed.

His project is quite simple. Through his educational contacts he got 20 top Mexican educators to agree to come to the United States for a seven weeks tour of U.S. universities and colleges to study our school system and living habits.

He sought out only those in Mexico who possessed the ability to reach the broadest coverage of Mexican students, and those who could most likely exert influence in Mexican education circles and on education programs.

The Mexican educators are being brought to the U.S. at the expense of the colleges they are to visit. Additional expenses will be borne by contributions of persons interested in seeing such a program succeed.

The tour will start in June and is labeled "Project One." Colleges and universities in Nashville, Washington, New York, Richmond, Kansas City, Portland, Los Angeles and San Diego will be visited.

Visitors will spend about one week at each school and they will live and travel together as a single group.

Because of the group arrangement the program will send the educators back to Mexico in solid agreement about the United States . . . good or bad, Penery pointed out.

"Too many foreign travellers have returned to their native country with an untrue report about the U.S., its motives and its aims," Penery said. "The group arrangement will permit the visitors to exercise a check on each other when they return to their home areas. They will be able to correct false impressions disseminated by others within their own education system," Penery said.

He said the project was necessarily a private enterprise. "If government funds were used the Mexican educators would turn it down on the basis that it was a propaganda project," Penery said.

If "Project One" is successful, and it appears that it will be, more tours will be offered, Penery said.

It may be that the Inter-American Education Foundation has found a solution for eventual world peace.

American women are accused of spending the family income as fast as it comes in leaving papa with hardly enough for an after work bottle of beer on payday.

It finally occurred to those who are determined to reduce the national tax load that the chick who spend the family paycheck is the last defense against taxation because there is ap-

Junior College Election Approved For Local District

County Schools Superintendent To Set Date

An election on the formation of a junior college district in this area has been approved by the state department of education.

Officials of the Grossmont High School District said that the department's approval "was based upon the district's growth and financial ability to support the junior college program according to the standards established by the . . . department . . ."

District officials said that the county superintendent of schools will schedule the election after consultation with them as to a date. They said also that they would prefer that the election be consolidated with the general election in November, "thus eliminating the cost of a separate election and allowing more time to inform the voters on the issue."

If the district is formed, school officials said, the governing board of the high school district also would serve as the governing board of the junior college district, "since the boundaries are coterminous."

In January, high school district superintendent Lewis Smith told the Lemon Grove Men's Club that "thousands of high school graduates from this area will have no place to attend college a few years from now unless the voters approve a junior college district."

He added that the high school district is on record with the county and private landowners, asking that sites be reserved for a junior college if one is approved by the voters. One site (140) acres) is now part of the county-owned Edgemoor Geriatric Hospital grounds at Santee. The other site is private property near Jamacha Junction on Highway 94.

Smith said that a junior college in this area is needed because the high school enrollment is rapidly increasing, with a resulting anual increase in the number of high school graduates. Coupled with this, he said, is the fact that San Diego Junior College and the San Diego State College in order to provide for a correspondingly great increase in other areas, are to cut down on the percentage of students from the Gross-

Tijuana School Youngsters Visit In Lemon Grove

Children from the Lazaro Cardenas school in Tijuana made their ninth annual trip here last Friday to celebrate Pan American Day jointly with Lemon Grove elementary school students.

Mrs. Graciela Sierra, Tijuana teacher who has fostered from its inception this attempt to develop friendship between young Americans, accompanied the group and directed some of the children in typical Mexican dances.

The size of the visiting group was doubled this year when 70 children rather than the usual 35 arrived in the district by school bus.

The celebration started at 10:30 with visiting classrooms at San Altos and Monterey Heights schools. Tijuana children were assigned individual hosts at luncheons in the two cafeterias after which all played together while teachers and prinicpals talked shop in true teacher fashion. At 1:15 assemblies started simultaneously in the two schools.

Sixth graders from Vista La Mesa school and San Miguel school entertained at San Altos school with typical United States folk songs and dances. A group of the Mexican visitors reciprocated with a beautifully costumed Mexican dance.

Golden Avenue and Mount Vernon schools furnished a similar program at the Monterey Hieghts assembly. On display on the Monterey Heights stage were silk flags of the Pan American Nations, two-by-three feet in size, made by the pupils of Mrs. Alice Hacker's sixth grade at Golden Avenue school.

Joetta Tenison, student council president at Monterey Heights school, conducted the assembly, with Alice Oberlies, sixth grader at Golden Avenue, interpreting.

Linda Leonesio, student council president at San Altos, conducted that assembly, with Philip Smith, a seventh grader at Lemon Grove junior high, interpreting.

Supervisors Start Action To Clear Lemon Grove Park

SAN DIEGO (CNS) — A start on a park program for the Lemon Grove area was ordered Tuesday by the County Board of Supervisors.

The Board directed that the public works department negotiate for the clearing of between three and four acres now owned by the County at the intersection of Washington street and Alton drive.

The land is now in lemon trees, and the county has been getting a few hundred dollars each year from the lemon crop.

But Supervisor David W. Bird, who said that Monday night he had addressed a group in Lemon Grove, reported that local residents are now willing to share some of the work in making the area available for park use.

On Bird's recommendation, the Board voted to direct the public works department to arrange with the honor camp director to have the trees removed and the land leveled so local people can put in fireplaces, benches and other equipment for use of the area.

The move is regarded as the first step in a larger program, as adjoining the county-owned property is another three to four acres that belongs to the Lemon Grove Swimming Pool Assn.

This property was bought by the association for development as a recreation area. Ownership of the land was acquired through a number of fund-raising activities, but it is reported here that there are no present plans for putting in the proposed swimming pool on the property.

Cletus "Biff" Gardner, director of the county's parks and recreation department, said Tuesday the county cannot aid the swimming association with its plans, as legally no invest-

Congressman Assails 'Deadly' Law

Congressman James B. Utt, in a report from Washington this week, assails the "deadly" new federal aid to education act.

He analyzes the bill, scheduled shortly for Congressional debate, as "the opening wedge for all-out federal control of our educational system."

For his complete report, see today's editorial page.

PTA Asks School Board For Sex Ed. Program

A request for sex education for sixth graders at the Golden Avenue school and replacement of W. B. "Barney" Ambrose as clerk of the board were two of several matters considered by Lemon Grove school trustees Monday night.

The board named Ray H. Lange, present trustee and past president of the board, to take over the clerk's duties. Ambrose announced his resignation last week because of conditions of health. The L.G. board and county school officials accepted his resignation with "extreme regret."

The board will consider a replacement for Ambrose at the next meeting.

Golden Avenue PTA submitted a request to the board asking for a social hygiene training (sex education) course for sixth graders at their school. Byron Netzley, school superintendent, said that Clarence Allen, principal of the Vista La Mesa school, is currently studying a social hygiene program designed for parents and pupils during after-school hours.

Board president Bert Cosby opined that family relations leave much to be desired when teachers are asked to take on this delicate and important parental responsibility. "Of course our family never felt the need for outside instruction because of our 4-H activities," Cosby said.

The board also approved a six-week summer school program to be conducted at San Miguel and Mt. Vernon schools under the principalship of Clarence Allen and Douglas Giles. School will be conducted from 8:30 to 11:30 for 3rd through 7th graders for 29 teaching days, starting June 27.

It also approved a summer recreation program starting on the same date. The program will be conducted at Monterey Heights, Vista La Mesa, San Altos, San Miguel, Palm Ave., and junior high schools. The schedule is for four days a week, three hours a day except junior high where it will be for six hours daily. In addition, a Little Theatre program will be conducted three hours a day, six days a week including Saturday.

All activities will be open to youngsters seven years old and up, except for beach trips which are restricted to children ten or more years of age.

District budget studies are continuing at each meeting.

Building Plans For Schools Win Approval

SAN DIEGO (CNS) — Building plans for additions to four schools in the Lemon Grove district received a go-ahead signal from the County Planning Commission Friday, with only one conditional recommendation.

The commission approved without qualifications the building plans for proposed additions to San Altos school, San Miguel school and Palm Avenue school.

In the case of the plans to build an addition to Monterey Heights school, the commission made this recommendation:

"Approve the plans as submitted, provided the school district grants to the county without cost, sufficient right of way westerly of the center line of Glencoe drive to provide 30 feet of right of way westerly of the center line thereof and improves this right of way to county standards."

County Urged To Improve Park Property

Local Citizens To Build Picnic Facilities in Area

The Lemon Grove Taxpayers Assn., backed by the Swimming Pool Assn., Monday night launched a movement designed to get some recreational facilities for Lemon Grove.

The Taxpayers ordered a resolution sent to the County Board of Supervisors asking that the county make enough physical improvements to the county-owned four acres of land at Washington and Mt. Vernon to enable local citizens to create a community park on the property.

The formal action came during a joint meeting of the Taxpayers and Swimming Pool associations, who heard County Supervisor David W. Bird discuss budget problems. The meeting turned into a general discussion of recreation.

A second resolution was passed, setting up a committee to probe methods of creating some form of recreation district that could function in Lemon Grove. Frank Doolin, president of the Swimming Pool group; C. H. (Les) Benson, president of the Taxpayers, and an as-yet-unnamed representative of the Lemon Grove Coordinating Council were voted a committee to meet later with Bird to discuss the matter.

Bird told the group, in answer to a question from Frank Armstrong, president of the control board of the Youth Center, that the county could sell the reportedly inadequate youth center and put the proceeds into a fund to start a new, larger recreation center "possibly on the county land at Washington and Mt. Vernon."

He said that if local citizens decide to make improvements on the land, such as fire rings, picnic tables or cooking ovens, "and really show us that you mean business, the board would be pretty likely to go along with budgeting funds for a park."

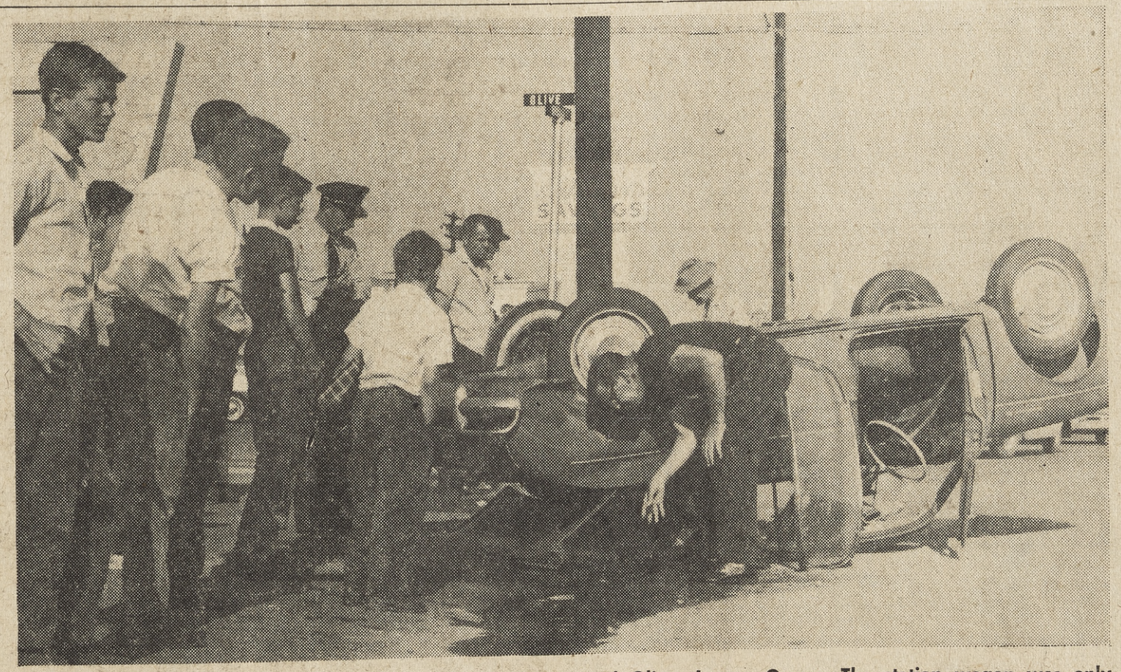
Much of the meeting was devoted to a discussion of the methods of setting up a "county service area," which would provide recreational services.

Bird explained that the supervisors could set up the district upon petition by citizens in the area and that public hearings would be held before any decisions were made.

"And you can be sure," he said, "that at those hearings you'd have everything spelled out for you as to just what services are to be set up and how much they will cost."

Benson then called for a motion authorizing the Taxpayers to start proceedings to set up a county service area for recreational purposes. Instead, a motion was approved which set up a committee to meet with Bird and come back to the association with a recommendation.

Benson commented that "everybody has been going off in different directions up to now. Maybe with the combined efforts of all of our groups, we can get something done."



ROUGH TREATMENT — The small foreign car driven by A. Patrick McEachern, 8834 Jay Lee, Spring Valley, was flipped upside down last week when it collided with a station wagon driven by Mrs. Robert Strand, 7343 Carmenita, Lemon Grove, at the intersection of Broadway and Olive, Lemon Grove. The station wagon was only slightly damaged. A passing cement truck poured water on the spilled gasoline and firemen checked it for safety. No one was injured. —Staff Photo

'Little Pimple' High School Name Changed

El Granito high school in El Cajon was renamed "Granite Hills High School" this week by high school trustees.

Parents and pupils appeared at the board meeting Monday to protest that "El Granito" means "little pimple" in Spanish.

The school board, which had thought it was naming the school for a nearby granite hill, put the name in English just to make sure.

LEMON GROVE STORES OPEN 'TIL 9 FRIDAYS

Income Tax Fax

A public service of the Society of California Accountants

We hope you have already filed your 1959 federal income tax return.

If not, then you should put this paper down and get that return in the mail right now.

If you find for some reason beyound your control it is impossible for you to complete your federal income tax return for filing by midnight, Friday, April 15, then you should request an extension of time in which to file your return. Extensions are usually granted, for good reason, for a 90 day period; although the director may grant an extension for as long as six months, if the circumstances warrant.

Requests for extensions of time are filed in triplicate on forms furnished by the treasury and the request must be signed by you or your duly authorized agent.

Forms are available at your local office of the Internal Revenue Service. All requests for extensions should be made on these forms and three copies are necessary. However, if you are unable to secure the forms, a letter will do.

Your application should clearly set forth the full cause of the delay and the probable time that you will be able to complete your return.

It should give your full name and address as it will appear on your tax return when you do file.

If, by reason of illness, absence or other good reason, you are unable to sign this request, then any person in close business or personal relationship with you may do so, provided the reason and relationship are clearly stated in the request. In such case, the signer of the request will be considered your duly authorized agent for this purpose.

Extensions are usually granted for a good reason, such as illness, accidents, inability to secure all the facts necessary to complete your return, etc. Extensions are never granted because you are unable to pay the tax. If you cannot pay the tax due, file your return anyway. Uncle Sam will send you a bill and you will have to pay it sooner or later. He will charge you 6% interest, and there will be no penalty.

If you do not file your return on time, Uncle Sam will charge you 5% for each month that your return is late, up to a maximum of 25%. So, you see, it is a lot better to file the return even if you can't pay the tax.

We hope these articles have helped you with your federal income taxes in some way. It has been a pleasure for us to write them and have you read them. We hope to see you again next year in the columns of this newspaper.

Once Over Lightly

by Don Wilson

Well, the political season is upon us and the politicians and would-be politicians are making speeches. So I decided that I would make a speech. But then I decided that I don't want to run for any political office, so I decided to just write a speech and maybe somebody else could deliver it.

"Ladies and gentlemen. My name . . .

"Ladies . . .

"Gentlemen . . .

"Fellow citizens . . ."

Gee, I couldn't even get started.

So I decided to skip the introduction and jump right into the real meaty part of the talk.

"If I am elected . . .

"What this country needs is a good five cent . . .

"Those bureaucrats in Washington have got this country in such a mess that even if you sent me . . .

"We taxpayers . . ."

Oh to heck with the speech.

But along with the political season, comes the "poll' season. Everybody takes a poll to see what candidate most people like, or the brand of cigaret they smoke, or some such.

So I decided to take a poll.

As everyone of my acquaintance knows, I'm a bit on the bald side. Oh not the real shiny pate bald type, but somewhere in between Rock Hudson and Yul Brynner. One of my favorite foods is fresh green peas.

No relationship between baldness and green peas?

Hah!

I took my notebook and I approached every nearly bald man I could find walking down the street.

"Do you like fresh green peas?" I would ask them.

Occasionally one would give me a pecular look, but most of them gave me an answer.

And the results were starting. Somebody had better pass this report on to the medical authorities.

Out of 25 men questioned, 4 refused to answer.

But the other 21 bald men emphatically said that they DO like fresh green peas. ..... 100 per cent.

Makes you stop and think, doesn't it?

This is the busiest month of the year in the garden. So many plants can be set out now: dahlias, chrysanthemums, fuchsias, carnations and a host of others . . . almost anything except zinnias and tomatoes. Wait for warm nights before planting these.

Wait until the end of April to transplant bougainvillaea and other tender shrubs on account of the danger of frost damage.

When you buy little plants in flats for transplanting into your garden, always remember that the more robust plants are not always the best ones.

Many people do not know that the smaller, weaker seedlings are often doubles. They are the ones capable of bearing the large double blossoms which make your garden more beautiful.

Nature seems to purposely hold back the early growth of these plants because they are destined to produce the most bloom and color. So don't disdain the smaller plants thinking they are weaklings.

Washington Report

By Congressman James B. Utt

The present version of the federal aid to education act has come out of Committee and will be scheduled for House debate shortly. It is considerably less violent than the Murray-Metcalf Bill, which failed to pass last year and was buried in the Rules Committee, but nevertheless just as deadly.

The present legislation under consideration is a school construction assistance act, and does not include teachers' salaries or other collateral subjects. However, it would be the opening wedge for all-out federal control of our educational system.

Committee testimony developed the fact that out of the 40,000 school districts in the United States there are only 237 which have reached their bonding limits and are unable to finance their needs. This is a little over one-half of one per cent. Nevertheless, we propose to tax the American people an additional billion dollars to give some money to the other 39,763 school districts. There is no criteria of need set up.

California would contribute in taxes about $100 million and receive back about $76 million. In other words, the State of California would be paying more than $20 million for the privilege of letting Uncle Sam collect this money and return a portion to us.

There is a disclaimer in the bill giving assurance against federal interference of control of personnel, curriculum, location and design of the buildings, and so forth. That is simply chocolate coating, because the real purpose of this legislation is to gain federal control of our schools, at least piece by piece. Here is the prooof. Section 8 of the bill reads as follows:

"The State educational agency of each State which receives funds under this Act shall give adequate assurance to the Commissioner that all laborers and mechanics employed by contractors or subcontractors in the performance of work on school construction projects financed IN WHOLE OR IN PART under this Act will be paid wages at rates not less than those prevailing on similar construction in the locality at determined by the Davis-Bacon Act, as amended."

That is federal control in its purest essence, even though in a single area. Note the words, "financed IN WHOLE OR IN PART under this Act." In other words, if $1 of federal money found its way into a $10 million project in California, that $1 gives federal control to the entire project. There is no provision for immediate matching of funds by the district.

The rapid growth of the grants-in-aid to the states over the last several years is leading to complete federal control by the bureaucrats in Washington. I will cite one outstanding example—unemployment compensation. This started out under the progressive states like California, and the federal government undertook to collect and disburse the funds back to the states.

With this federal contribution came the control and the power of the Bureau of Employment Security. Year by year this federal bureau has urged the state unemployment compensation departments to liberalize and repeal the needs-test to a point where most states are simply puppets of the federal government and unemployment compensation is being paid to convicted criminals who have embezzled their employers' money. It is also paid strikers who are destroying the small employer, who is in fact financing his own destruction.

It is paid to women who leave employment voluntarily, get married, and move to another state. It is also paid to people who reach automatic retirement age at 65 or 70, even though they may be drawing a company retirement, social security, and are not even looking for a job. In fact, the rules have become so liberal that it is hardly necessary for anyone to look for a new job until his unemployment compensation runs out.

I believe it can be supported that 25 per cent of all unemployment compensation is paid contrary to the original concept of this law, and it is useless for an employer to take a case to court even though the employe was fired for cause, because the Bureau of Employment Security has demanded, in the name of humanity, that these amounts be paid.

This same pattern exists in practically every grant-in-aid program. The school construction bill is the beginning of a new highway to federal control of the educational system of America, the control of which belongs at the local level.

College Grove Man Addresses Valley Lions

Mervin L. Blum, general manager of the $28 million College Grove Shopping Center, addressed the Spring Valley Lions Club at its regular Thursday dinner meeting at 7 p.m., April 7 in the Singing Hills Country Club. Subject of Blum's talk is "Regional Shopping Centers—A New Concept in Marketing."

Robert Des Lauriers, 4052 Calavo Drive, Mt. Helix Rancho a Spring Valley Lion Club member, introduced the guest speaker.

A professional property manager with over 20 years of experience in commercial and residential real estate development and property management, Blum was manager of real estate for 12 years for the government-owned city of Richland, Wash., working under the General Electric Company, operating contractor of the Hanford Atomic Energy Works. Principal among his projects there was the development of a 20-acre community shopping center with 300,000 square feet of store buildings.

Formerly president of the Richland Chamber of Commerce, Blum is a charter member of the Richland Rotary Club. He is a native of Sterling, Ill., and a graduate of Northwestern University.

Welfare Burden Said Highest in Decade

SAN DIEGO (CNS)—The welfare burden on San Diego County is now the highest it has been since 1957, and the worst has not yet been felt, the County Board of Supervisors has been told by Homer Dietrich, welfare director.

The Board approved the employment of 20 more temporary employees in the welfare to handle the increase in case loads.

Dietrich said the peak of the welfare needs is expected to come in April. The 1957 level at which cases now stand was the highest in more than a decade.

Although unemployment in the county is forcing up all welfare demands, except those for the aged, Supervisors went on record as being in favor of continuance of the highly controversial "aid to needy children."

There are abuses, the Board agreed, but all members said there is no intention of cutting off the program.

The statement was made in answer to a suggestion from Supervisor De Graff Austin that a policy be set, in view of rumors of curtailment.

The Mail Box

Dear Editor:

Writing letters to the editor is out of my usual line but I am so burned up I have to get something off my mind.

On Tuesday I took my childrens' poor sick cat to our so-called humane dog pound to have him put away. This was not by choice but because of necessity.

I was told, and not too nicely, that they only did this on Monday and Wednesday before noon. How do you tell a cat when to get sick, or to suffer another day?

One gentleman tried to explain that they had no facilities to take care of cats after they were deceased. He was interrupted several times by a fellow telling him how he couldn't stand the smell of these cats and how the people took advantage of the dog pound.

What is the pound for if not to take care of the animals that people can't keep? If the pound needs something to care for diseased animals why isn't it provided? Why are men put in these humane jobs that have no feeling what so ever for animals that come there?

Maybe you aren't the one to complain to but I read your material so you can read mine. You fight for what you believe is right and I feel I am right in this matter. Thank you for reading this.

Sincerely,

The DIMMER VIEW

parently no hope for tax reform at the hands of the male taxpayer.

The fresh approach it to provide material so that the housewife can be shown that what's been taken out in taxes comes directly out of the grocery money.

The philosophy of remoteness in taxation is being removed by way of an information kit available to women's clubs. It is produced and distributed by the National Association of Manufacturers.

Taxes, from the female homemaker's point of view, has been something a sort of faceless government leveled against employers and retailers as the nation's share of his profits. Put like that it does make the taxing bodies rather remote and nebulous . . . if the housewife wanted to do anything about it.

So the NAM, under the provocative title "Why Bother About Taxes?" has designed a kit to make women aware of the stifling effects of present tax rates on the economic system.

American women represent more than 50 percent of the voting public and NAM foresees a possible tax reform this year . . . if our women can be nudged into action.

The kits, we are informed, point the tax-reform way via the Herlong-Baker Bill (HR 3000 and HR 3001) in simple layman's language.

Women's organizations may obtain program kits by writing Program Department, National Association of Manufacturers, 3440 Wilshire blvd., Room 805, Los Angeles 5, California.

All of which revives this faintly askew adage, "Never send a big man to do a job the little woman can do better."

Cancer information can be boring and for that reason readers usually skip past such material unless there has been a contact with persons so diseased.

Because 12,500, or 25 percent of all persons within the Lemon Grove-Spring Valley readership area of this newspaper will eventually develop cancer, we feel the space allotted to the subject would be well worth the effort. By keeping the material concise, we hope that those who have never been exposed to the disease will find it interesting enough to study.

It is almost impossible to believe that one out of four of our friends and neighbors will become cancerous . . . and there is a 25 percent chance that the person will be you!

To give guidance, and help publicize the fact, doctors and scientists throughout the U.S. are more than ever bending all their effort toward treatment and cure of the disease during April, Cancer Control Month.

Here are ten quick facts to aid everyone measuring the dangers of the disease:

1. **WHAT IS CANCER?**
It is a group of diseases characterized by abnormal growth and spread of cells. If this malignant process is not controlled the patient will die.
2. **CAN CANCER BE TREATED?**
Yes.
3. **HOW?**
By radiation or surgery. Hormones, drugs and chemicals have a palliative effect in certain cases.
4. **WHEN DOES IT STRIKE?**
Anytime, at any age, increasing in frequency with age.
5. **HOW MUCH CANCER IS THERE?**
This year 66,000 Californians will be treated for it, 43,632 for the first time.
6. **WHO WILL DIE OF IT THIS YEAR?**
One of every six deaths of all causes in the U.S. is due to cancer. 22,600 persons will die of it this year in California.
7. **WHO CAN BE SAVED?**
One of three cancer patients is being saved. 14,200 Californians diagnosed as cancerous early enough will live by proper treatment.
8. **WHAT IS THE NATIONAL DEATH RATE FROM CANCER PER 100,000 POPULATION?**
146 deaths per 100,000 population occurred in 1958. 147 in 1955; 132 in 1947; 120 in 1940, and 108 in 1935.
9. **WHY THE INCREASE?**
Largely from lung cancer which has increased phenomenally since 1949.
10. **BEST INSURANCE.**
Regular health check-ups. Approximately two percent of all patients over 45 visiting a doctor's office will have cancer.

PS. Lung cancer is the leading cause of cancer death in men. It has increased six-fold in 20 years. Studies indicate excessive smoking is a principal cause of this type of disease. Lung cancer occurred ten times as frequently in regular smokers as in non-smokers.

"We Have the Indians, Now Get Us Some Chiefs"

"We have plenty of Indians in Lemon Grove," the Rev. E. Walter Smith told the Men's Club last week, "but what we need to do now is find some chiefs."

Mr. Smith, president of the Lemon Grove Coordinating Council, was discussing the makeup and functions of the council.

He told the Men's Club:

"Our council is made up of representatives of permanent organizations in the community. They come to the council with their ideas and their projects and we attempt to coordinate the efforts of all of these groups.

"We have been asked if we are set up to promote the incorporation of Lemon Grove as a city. We are not. We are set up to help with any project that the representatives of the various groups want to promote.

"If we have splendid representatives, they will propose some splendid projects. If we

—o—

have stupid representatives they will propose stupid projects."

He added that in such movements as the ill-fated attempt to promote a recreation district last fall, "there were plenty of people willing to work, plenty of Indians. But we failed because there were not enough chiefs willing to lead us Indians."

The speaker opened his remarks by declaring that "this area is eroding. We are being encroached upon by developments that are sweeping in upon us and we have no power to control them or to direct them in a way that will benefit the community instead of harm it.

"We have problems and no way to solve them.

"We are not a city. We are simply 20,000 people living in a community that is growing more congested and disorganized.

"There are people here who are leaders, people who could help direct us to a solution. But these people have not come forward with their leadership.

"The Coordinating Council may be one way of our getting on the ball though we have no money, no legal power and no paid officers.

"Until the top leaders of this community sit down together and become thoroughly conversant with all of the problems and decide to do something about them, we are never going to go anywhere."

Earlier in the meeting, proposals were made for obtaining a series of speakers who would discuss the possibility of incorporating the community as a city. Any such arrangements will be announced later, club president Bill Davies said.

Special Features Offered at State

Twenty-five special features will be offered in San Diego State College's three 1960 summer sessions, Dr. Manfred H. Schrupp, dean of education and extended services, has announced.

They are included among 271 courses scheduled in 31 fields during the Intersession (June 13-24), Term I (June 27-August 5), and Term II (August 8-August 26). Most courses will be offered weekdays between 7:30 a.m. and 1:30 p.m.

Summer catalogs containing full information may be obtained by writing to the Summer Sessions Office, San Diego State College, San Diego 15, or phoning JU 2-4411, extension 375.

Junior College Election Approved For Local District

mont district.

Property owners in the Grossmont district are paying a tax of 24 cents per $100 valuation now, he said, with the money going to pay for the operation of San Diego Junior College and other junior colleges attended by students from this area.

Establishment of a junior college district here, he said, would provide educational facilities for the high school graduates who otherwise might not have an opportunity to attend college on any level.

But—he said—it also would cost the taxpayers more money: a 9-cent increase the first year; an additional 14-cent increase the second year, and a further additional 7-cent increase the third year. From then on, he said, the cost probably would remain the same. Thus, the tax would add up to 54 cents/$100 valuation in three years as compared to 24 cents paid now.

However, he added, the increase in facilities offered would provide up to two years of college education for three times as many students as now attend junior college from this area.

Supervisors OK Clearing Land For Grove Park

ment can be made in private property.

Some possibility exists, it is reported, that the land that Supervisors Tuesday voted should be cleared for park purposes and the swim group's land might be used together for park purposes, either by the county buying the latter land or the association donating it to the county for park purposes. The latter action could be possible through the county agreeing to carry out the purposes for which the association acquired the property.

Gardner admitted Tuesday that he is concerned that only the three to four acres the Supervisors acted on are available in the Lemon Grove area for park development. He called the community among the fastest developing in the county and deplored the existing lack of park lands.

Supervisor Bird, in asking for clearing of the lemon trees pointed out to his fellow board members that the county had acquired the land to develop it for park use, but that plans had been abandoned when Lemon Grove started its move toward incorporation.

The Board unanimously approved having the park area cleared, but it put off, until it has more information, a decision on permitting private groups to install fireplaces, benches, tables and other things on county-owned property.

A Board vote is necessary before such installations can be made.

4-H Club Enrollment Increases to 1,075

A three per cent enrollment increase of San Diego County members resulted in 1,075 participants in a program designed to develop boys and girls to become good, useful, productive citizens, farmers and homemakers, said David W. Hinshaw, University of California farm advisor. These members from 27 clubs learn skills and knowledge in agriculture and home economics, and achieve educational experience through projects, activities and events.

Of the 1981 individual projects carried by 4-H members the categories of greatest interest include clothing, sheep, food preparation, beef, junior leadership, electricity and crops.

Hinshaw further said that 314 adult volunteer leaders provide time and effort in the guidance and education of rural youth.

"Nebraska has no seacoast. The native Hollander wears wooden shoes." Sound like strange conversation? Bell Telephone Laboratories engineers don't think so. It's part of a test to lessen noise on your phone. These sentences are taped against a background of noise, then played over phones to listeners who rate how clearly they sound. Our engineers learn a lot from this test—another way we work to bring you trouble-free phoning.

"HE IS RISEN"

What is the Resurrection message? Paraphrasing St. Paul, it is: "Men of Lemon Grove and Spring Valley, I am here to tell you that God has broken through into history. God has raised up Christ and by this deed has changed the whole human situation and the universe itself radically and decisively. He has vindicated righteousness, and defeated the dark powers of evl forever!"

Trinity Choir to Sing Oratorio on Good Friday

The choir of Trinity Lutheran Church, 7210 Lisbon St., will sing the Oratorio "The Redeemer" by Shaw, on Good Friday at 7.30 p.m. Soloists are Mrs. Allen Jabben and Miss Carol Yates, sopranos; Mrs. Ira Miller, contralto; Frank Tierney, tenor; Norman Major and Marvin Janetzke, basses.

Preudial Organ music will include the Crucifixion and Tenebrae (Darkness) by Karg-Eiert, and following the Oratorio the choir will sing, "Surely He Hath Born Our Griefs" from Handel's "Messiah." The celebration of the Lord's Supper will follow the singing of the Oratorio and the Chorus. Mrs. R. H. Crutchett is the organist-director.

Easter Sunday music begins at 10:15 a.m. with a Trio for Trumphets and Organ, "Christ is Risen," by Bach-Olds and "Praise to The Lord, the Almighty" by Karg-Elert. Norman Major, Frank Tierney and James Luick are the trumpeters. Mrs. Allen Jabben will sing "The Resurrection," a solo by Curran, and Trinity Choir will sing two anthems, "As It Began To Dawn" by Vincent and "The Hallelujah Chorus" by Handel.

The public is invited to attend these services of worship in the new edifice at 7210 Lisbon St. The Rev. Paul A. Hilgendorf Sr., is pastor of Trinity.

Four Services Planned Sunday In Vista La Mesa

At Vista La Mesa Christian Church on Easter Sunday there will be four Morning Worship Services, at 7:30, 8:45, 9.45 and 11.

Rev. Louis Mayo will speak on "Have Faith In Goodness" and will address each of the four services. At 8:45 and 11 the Sanctuary Choir will sing as their anthem "Risen To-Day" and at 9:45 the Carol and Chapel choirs will sing "Thee, Holy Father, We Adore." The Young People will usher and fill the choir loft at the 7:30 service. An invitation is given to the public to worship at any of the services.

Revival Set for Grove Baptists

A revival is being held at the First Baptist church of Lemon Grove starting Sunday and it will continue through Easter Sunday.

The Rev. W. A. Shoopman is the evangelist, with David Oglisby, minister of music of the Chula Vista First Baptist church, as song leader.

Service will begin each evening at 7:30 and will last one hour. A nursery will be provided for youngsters three years and under. Chapel and Adult Choirs will provide music.

The church is located at Main and Burnell streets.

STAMP COLLECTORS

The La Mesa Philatelic Society will meet April 13 at 7 p.m. in Porter Park clubhouse. It will be auction night and refreshments will be served.

Lemon Grove - Spring Valley merchants are friendly. Shop in their stores.

Baptist Church Notes

The Men's Council of the Spring Valley First Baptist Church will hold its monthly dinner and meeting Friday, beginning at 6:30 p.m.

"An Easter Journey" will be Rev. Roland Taylor's message at the 8 and 11 a.m. services. The Valley Chapelaires (Men's quartet) will sing "Were You There When They Crucified My Lord?" The Chapel choir will sing "Up From The Grave He Arose."

The highlight of the evening services will be an Easter cantata "The Risen King" by Bruce Carlton.

—o—

CASA DE ORO BAPTIST

The Easter cantata "Hallelujah—What A Savior" by John W. Peterson, will be presented at the Casa de Oro Baptist Church at the Sunday evening services (7 p.m.) Mrs. Harold Moline will direct, with Mrs. Al Stone as accompanist. Rev. Anderson invites all to hear the Easter story in song.

A mother-daughter banquet will be held in the social hall of the church April 29 at 7:30 p.m. An interesting program is being planned.

The Calif Baptist Conference has been set for April 21-23 at Reseda. The theme this year will be the "Open Doors." Rev. and Mrs. Ernest Anderson and several members of the church will attend.

Rev. Anderson wants to keep the dates of the annual Vacation Bible School in the minds of all children of the area; "Indian Pow Wow . . . June 20-24. It will be for all children, age two through sixth grade. Much planning is being done to make it an interesting week.

The following new officers of the Women's Missionary Society were installed Tuesday evening: Mmes Grace Alexander, president; Thelma Blankenship first vice president; Mary Ann Johnson, second vice president; Vi King, secretary; E. M. Anderson, treasurer; Madge Koslarek, benevolence chairman; Caroline Jackson, reading chairman; Virginia Terrebonne, White Cross chairman; Kay Ramsdell, spiritual life chairman; Bette Berke, social chairman; Ruth Johnson and Thelma Hickey, church hostesses; Madeline Bledsoe and Pat Brugma, shower and gift committee; Marjorie Maxwell, girls missionary guild chairman; Barbara Ellis, nursery chairman; Marie Franceschi, poster chairman.

The setting for the installation was a replica of a "Bible-time" well, in the center of an arrangement of ferns, flowers and ivy. Around the well were pitchers containing the written duties of the new officers. As the charge was given the officer named received her pitcher.

—o—

BANCROFT BAPTIST

The Bancroft Baptist Church will have special opening exercises for all ages in the Sunday School Department Sunday at 9:30 a.m. At the 11 a.m. Easter services, Rev. Lewis Ginn will bring the "Resurrection" message. Baptismal services will follow.

At the April 5 business meeting the members voted on building plans for new additions to the Sunday School room, the work to start immediately.

FAITH

When we have come to possess a new life through faith, good works will begin to appear in our lives. This does not mean that we could not do good before. It means that the good works of the believer are the fruit borne by faith. These good works are acceptable to God and will bring His reward. Fruit is a result of life, not the seed of life.

Mr. and Mrs. Lon Lee in their patio. —Staff Photo

Couple Celebrates 64th Wedding Anniversary

Mr. and Mrs. Lon Lee, 1145 Sweetwater Rd., Spring Valley, celebrated their 64th wedding anniversary Thursday.

Mr. Lee is 87; his wife is 80.

Mr. and Mrs. Lee were married at Clayton, Mo., a suburb of St. Louis, on April 7, 1896. They celebrated their 64th anniversary last Thursday with their son Lloyd Lee, who is a contractor in San Diego. They had four children of whom two are living, son Lloyd and a daughter Mrs. Fred Stunko of St. Louis.

They lived most of their lives in St. Louis until coming here to reside permanently six years ago, although for the 12 years previously they had spent their winters in California.

Both are remarkably well preserved for their years. Mrs. Lee attends to her own housekeeping and keeps her tiny cottage immaculate. Mr. Lee still drives his car. He says he drove his first car, a Franklin runabout, in 1912 and has been driving ever since.

Their eyesight is very good, their memories remarkable. Practically the only signs of advancing age they show is a slight defect in hearing of Mr. Lee. Mr. Lee says he was a conductor on the first cable car that ever ran in St. Louis, but has spent most of his life as a contractor and builder of public and business buildings in the various cities in the east. His son Lloyd is continuing in the footsteps of his father.

Local Musicians Present Recital At SD College

Two young San Diego State College musicians presented their joint Credential Recital Friday in the Music Auditorium at San Diego State.

Marie Hill, flautist, and Donna Bullock, French hornist, both hold the second chair for their instruments in the San Diego Symphony and first chair in the Civic Youth Orchestra. Both are members of the San Diego State College Symphony Orchestra and senior secondary education majors at the college.

Both are graduates of Helix High School. Miss Hill is the daughter of Mr. and Mrs. D. M. Hill, 8430 Porter Hill Terr., La Mesa. Miss Bullock is the daughter of B. H. Bullock, 6982 Waite Dr., Lemon Grove.

For the Friday concert, Miss Hill performed works by J. S. Bach, Casella, Griffes, and Ibert. She was accompanied in the first three by Marjorie Rohfleisch, pianist. In the Ibert composition, a work for flute and classical guitar, she was accompanied by Sara Kreger.

Miss Bullock played works by Vidal, Mozart, and Basset, accompanied by Rebecca Mahaffey, pianist.

Local Couple Add Pleasure To Business

Mr. and Mrs. Wayne Chubb of La Mesa Concrete Block Co. of Lemon Grove were among the concrete block manufacturers from all over California attending the Concrete Masonry Association convention at the fabulous Alisal Guest Ranch at Solvang March 31 - April 3.

Business affairs were confined to morning sessions so the guests could roam the lovely rolling green hills of the historic 10,000 acre working cattle ranch; play golf, swim, or bask in the sun.

Evenings were spent in dancing or socializing around the big fire in the recreation room.

Almost 150 people were in attendance at the four day affair.

Presbyterians Plan Triple Easter Service

Easter morning services will be held at the La Mesa United Presbyterian Church at 8, 9:30 and 11 a.m. Child care will be provided for all services. Church School classes will be held at 9:30 and 11 a.m. only. The Rev Kenneth E. Grant, pastor, will use as his theme "The Place of Rising."

The Sacrament of Holy Communion is being observed this Thursday evening at 7:30 p.m. it being Maundy Thursday.

The following meetings have been scheduled for the coming week at the church: Monday April 18, at 7:30 p.m. Sarah Circle, Board of Deacons, and the Long Range Planning Committee; Tuesday, April 19, a 6:30 p.m., Board of Christian Education and at 7:30 Mary Circle will meet; on Thursday April 21, Ruth and Lydia Circles will meet at 9 a.m. and Rebecca and Rachael Circles will meet at 12:30. Information of where the Circle meetings will be held may be obtained by calling the church Office, HO 3-4491.

Former Local Youth Engaged In Colorado

Mr. and Mrs. Bennie Adams of McCamey, Texas, are announcing the engagement and approaching marriage of their daughter Mary Bennie, Colorado Springs, Colo., to Cadet James E. Waddle, Colorado Springs, son of Mr. and Mrs George E. Waddle of Downey Calif., formerly of Lemon Grove.

The ceremony will be held Sunday, June 12, in the First Methodist Church of Altus Okla.

Miss Adams is an alumnus of Altus High School and a January graduate of the University of Oklahoma where she was affiliated with Zeta Tau Alpha sorority and active in Wesley Foundation and Kappa Phi. She is presented employed in the school system of Colorado Springs.

Cadet Waddle was graduated from Helix High School and is presently a student at the United States Air Force Academy in Colorado Springs. He will receive his commission in June.

VOTER DEADLINE

Thursday (April 14) is the deadline for registering to vote in the June 7 primaries. There will be 15 registration stations open in San Diego county until 9 p.m.

'The Cross' Series to Continue

The title of the Rev. Keith A. Mitchell's sermon at Trinity Presbyterian Church on Easter Sunday will be "The Cross in Gethsemane," the third of a series of sermons on "The Cross." Services will be held at 8, 9:30 and 11 a.m.

There will be a service of Holy Communion on Maundy Thursday at 7:30 p.m. Trinity will join with other churches of the community for Good Friday service at the First Congregational Church in Lemon Grove.

On Tuesday at noon, the Women's Association will have its monthly luncheon and special program featuring Easter music, under the direction of Robert Haffenden.

Church School teachers, assistants, youth advisers and choir directors are being honored at a Christian Education banquet on April 20.

Sunrise Service Scheduled by Foothills Church

The Foothills Methodist Church will have three Easter services. A sunrise service will be held at the McKinney home in Lawson Valley (off Highway 94), from 6:15 to 7 a.m. All persons wanting to attend should gather at the church (Cordoba and Campo Rd.) before 5:45 a.m.

The second service will be held at the church at 9:30 a.m along with the Sunday School program. The third service will be at 11 a.m. also at the church. Nursery care will be provided.

Maundy services will be held Thursday at 7.30 p.m. in the church.

Mrs. Dave Stephens of Dale St., Casa de Oro, has been elected president of the Foothills Methodist Church Women's Missionary Society.

Mother-Daughter Dinner Held By Lionesses

The regular meeting of the Spring Valley Lioness Club at the Singing Hills Country Club during April was a special mother-daughter dinner. Mrs. Richard Hart, program chairman, introduced the entertainers, a trio singing several selections, plus a magicion doing an act especially for the young children present.

Decorations and favors were planned by Mrs. Daniel Swing. The Easter motif was used for the tables.

A fine attendance of members and guests contributed to the success of this event, plus the enjoyable evening.

Following the program the president, Mrs. Wendell Wilkinson, presided over the business meeting at which time the chariman of the nominating committee, Mrs. Ellsworth Hatch, presented the new slate of officers nominated for the coming year.

Vogues to Hear Fashion Expert

An Easter party was given to the members of the Cresta Loma Home by members of the Vogue Section of the Lemon Grove Woman's Club last week. According to Mrs. Leonard Wingo, welfare chairman, the members of the home were served punch, ice cream and cake and were entertained by a group of Vogue members who sang songs for them.

Joan Marston, fashion consultant, will be guest speaker on April 19 at the Vogue's program meeting at the Lemon Grove Woman's clubhouse at 2810 Main st. The Woman's Club Seniors and the Woman's Club Juniors have been invited to attend.

Hostesses for the evening will be Mmes. W. L. Carr, Howard Jennings and Ivan Shepard.

The Vogue Section is planning a bus tour to Los Angeles April 25 as a ways-and-means project. Mrs. M. M. Connolly is in charge of making plans for the tour.

Architect Clyde Hufbauer's conception of how Rancho elementary school will look. It is in Spring Valley Estates.

Construction Underway On New Rancho School

Initial construction is under way on Rancho elementary school serving the southern part of Spring Valley Estates, with grading now in progress, according to Fred H. Lance, business manager of the La Mesa-Spring Valley school district.

Lane reported that Rancho School, the second elementary school in Spring Valley Estates, is being built by T. A. Stanfield, San Diego contractor, at a cost of $428,343.

The new school is being constructed on a 10½ acre site at Elkelton and Noeline avenues set aside for this purpose by Bollenbacher and Kelton, Spring Valley Estates developers. The school district paid $66,000 for the site.

Lance said that classrooms will be ready by September for the 675 pupils expected to enroll for the fall term. Over-all completion of the school is scheduled for October 10.

Architect for Rancho Elementary School, Clyde Hufbauer of San Diego, also designed Spring Valley Estates' other elementary school, Avondale. Architectural plans call for 16 class rooms, two kindegartens, multi-purpose cafeteria room, and an administration unit housed in four buildings covering 33,000 square feet.

Other school sites to be developed in the Spring Valley area include two more elementary schools and a junior high school.

Square Dance News

Frontier Squares' 7th Presidents dance held on March 26 in the National City Armory was a great success. A bountiful buffet supper including ham, cheese, tuna salad, baked beans plus all the trimmings was served.

The club is planning several travel dates to other clubs in the next few weeks. Our last regular dance was Saturday, April 9, in the Spring Valley Junior High.

—o—

The Eight Square class of the Country Cousins was graduated April 4. A buffet dinner was followed by the graduation ceremonies.

At a dance scheduled for this coming Saturday, there will be a fashion show at which lady club members will model dresses made by themselves, and from which a club dress will be selected. Ruthie Eppick is chairman of the event.

Last Saturday's dance at La Mesa junior high school saw Clarence Montgomery at the mike, substituting for Ray Columbe who was at the California state square dance convention in Los Angeles.

March was a big month for the Junior Levis and Laces Starting the month with a bang the kids sponsored a Sadie Hawkins Day Party modeled after that famous Dogpatch day of the Lil Abner comic strip. Festivities included a picnic in Kornpone Square, followed by a Sadie Hawkins Day Race and ending with a full scale wedding presided over by Marrying Sam.

The second big celebration was a graduation party sponsored by the teenage club. The Junior Levis and Laces graduated 32 young people.

They would like to extend an invitation to all square dancers, seven through teenage, to come on out and dance to the calling of Juan Frank every Thursday night at the Lemon Grove Woman's Clubhouse. The preteens dance from 5:45 to 7:15. The Teens follow immediately afterward and dance until 9.

—o—

For an evening of fun and good square dancing, come join the Merry Whirlers Friday evening, April 15, at the Women's Clubhouse, Gillespie Field, El Cajon. Ron East with his excellent calling will be at the mike. Refreshments and door prizes. We thank all our guests who have been visiting us and hope you all come back soon and ofter. Everyone welcome.

PLANS APPROVED

SAN DIEGO (CNS)—Approval of preliminary plans for the development of lots in subdivision projects in Spring Valley was voted Friday by the County Planning Commission. The projects approved were. Lake view Knolls, with 40 lots, in the La Presa area, and Helix Corona, with 74 lots, in Casa de Oro.

Cruiser Model On Display In Local Bank

A replica of the first cruiser USS San Diego and a pylon containing mementos of the second USS San Diego, are on display in the Lemon Grove office of United States National Bank, 7859 Broadway. The ship model is said to be exact in every detail and is valued at more than $3,000.

Originally commissioned the USS California in August, 1907, at a cost of more than four million dollars, the name of the cruiser was changed to USS San Diego in September, 1912.

In World War I, the San Diego was destroyed and sunk by a German mine ten miles off Fire Island between Portsmouth, New Hampshire and New York City. The sinking was considered by the Germans one of their most conspicuous naval feats. Salvage investigations indicated the San Diego rests on the ocean bottom upside down with her keel about 50 feet below the surface.

The second USS San Diego, an armored cruiser, fought in the Pacific during World War II. The ship is now in the reserve mothball fleet in Bremerton, Wash.

The Navy has donated the model of the San Diego for display purposes, and the pylon is on loan from National Steel and Shipbuilding Co. Mementos in the pylon include the ship's flag flown when the San Diego entered Tokyo Bay on the surrender of the Japanese in 1945.

Both the ship model and the pylon will be permanently displayed in the proposed San Diego Maritime Museum.

Pan American Day Set by Students At Mt. Miguel

Pan-American Day will be observed at Mount Miguel high school on April 21 at 7.30 p.m. with a program that will be open to the public.

Honored guests at the affair will be the school's two exchange students from Italy and Japan: Angelo Sanza and Mutsumi Nishifuji.

The evening's entertainment will consist of several dances by Miss Socorro Murillo, interpretations of "Espagna Cani" and "La Madre del Cordero"; a dance by Pat Sommers; world dances presented by members of the Miguel physical education department; a Spanish dance by Karen McKinney; a piano solo by Wayne Gatch; a piano solo by Mr. Ray Murphy followed by a vocal solo by Mr. Fred Elliott; several vocal numbers by members of the Girls' Ensemble and the Boys' Quartet; an impersonation by Linda Thompson; and a pantomime by Sandi Cook to "Adios Muchachos!"

Carol Knight will be the keynote speaker. Members of the Cape and Cadence Corps will present the flags of the Latin American countries.

Donations of 50 cents per person will be accepted to further the expansion of the American Field Service exchange program at Miguel, which hopes to have three foreign exchange students during the next academic year, according to Mr. Edward Villarreal, head of the department of languages at the local school.

MUST KEEP TREES

SAN DIEGO (CNS) — Four palm trees should continue to grace the area along the side of Spring Valley's Nazarene Church on Bancroft drive, the County Planning Commission decided Friday. The church requested a permit to remove the trees over which the county has jurisdiction. The commission voted denial of the permit but the church can appeal to the County Board of Supervisors which can rule finally on the matter.

Lula Johnson Services Set For Saturday

Funeral services were held at 1:30 p.m. Saturday at Greenwood Mortuary for Mrs. Lula J. Johnson, who died Sunday in Helix hospital. She had been a resident of Spring Valley for many years and recently had been living in a Lakeside rest home.

Born in Missouri, she was 83 at the time of her death.

Mrs. Johnson was the mother of Arvel Carlyle of Lemon Grove, who preceded her in death last June. Survivors include Mrs. Arvel (Estelle) Carlyle, daughter in law; Mrs. Lola Barnes, niece, of Spring Valley; Maude Wigfield and Bess Coliver, great nieces, both of this area.

Mrs. Johnson was a charter members of the Spring Valley First Baptist Church and the Spring Valley Woman's Club.

The Rev. W. A. Shoopman of the Lemon Grove First Baptist church was in charge of services, with burial following in Greenwood cemetery.

MT. HELIX SHRINE MEETING DATE IS FRIDAY

HECTIC DREAM — She's ticket chairman for the Fifth Annual Community Conference on Education to be held April 23 at Spring Valley Junior High School under the sponsorship of the La Mesa-Spring Valley School District's Citizens Advisory Council. And that's how many hands she wishes she had to answer the phone and note requests for tickets to the conference. She is Mrs. Thomas Smith, president-elect of the Bancroft Elementary School PTA and delegate to the CAC.

EDUCATION CONFERENCE — Spring Valley Elementary School sixth grade students are shown conferring on original designs for place mats to be used at the Fifth Annual Community Conference on Education April 23. They are, left to right, Tom Wilson, Dean Fullerton, Donna Warlick and Kathy Hansen, all students of teacher Duane L. Hall. The conference, sponsored by the La Mesa-Spring Valley School District's Citizens Advisory Council, is to be held at Spring Valley Junior High School, with all interested persons invited to attend.

Miguel Woodworkers Build Paddleboards

One of the major projects of the year in the woodshop at Mount Miguel high school is being completed. This is the building of a 13½-foot paddleboard by Bob Carrol and David Braudaway. These two boys, who are seniors at Mount Miguel, have spent $25 and many hours in building their paddleboards, which they began in October.

John Ferguson, the woodshop teacher, stated, "The paddleboard is used by skindivers to keep their gear afloat, and because of its heavy construction, it is not suitable for surfing."

He commented further, "We have the facilities to construct surfboards and if any boy at Miguel is interested in surfing and has the proper funds, he is welcome to use our facilities to build one."

Two more boards are under construction at Mount Miguel. These belong to Art Stevens and John Keil, who have spent approximately $16 each for materials.

"These are not the first attempts at making paddleboards," commented Ferguson. "Last summer, Roger Frazier constructed a 16-foot board with a sail for motivation and a rudder to steer it."

In addition to paddleboards, furniture of all types is built at Miguel. "In general, though, students more or less are allowed to build what they want," stated Ferguson.

Seniors Can Earn While they Learn Retailing Trade

Next year's eligible seniors can enjoy a new Mount Miguel high school course by particpating in an "Earn While You Learn" program.

Students enrolled in the course, which is to be called Merchandising, will learn about department store organization, techniques in buying, selling sales promotion, advertising, window and counter display, and work with merchandise. They also will become familiar with the many jobs available in in the expanding retailing area. All of this will be possible through the use of a merchandising laboratory at Mount Miguel next year.

Eligible students will go to school for five periods a day and be given help in securing a part-time job in retailing in a local firm. The student will learn in the classroom and be trained on the job—with pay—by the employer. One credit may be earned for classroom work and one-half credit will be earned for work on the job.

This opportunity is available to students who plan to enter full-time employment in retailing immediately after graduation, and to college prep students who plan a career in business administration.

To be eligible, students must be in their senior year, age 16 years or older, have a good attendance in school, and plan a career in retailing.

Begonia Society Meets Wednesday

San Miguel Begonia society met Wednesday, April 6 at 8 a.m. in the Youth Center, School Lane, Lemon Grove.

Mrs. J. W. Lowry conducted the business meeting, and Mrs. Ferris Jones, vice president, presented Mrs. Dorothy Behrends of Encinitas, who talked on Begonias and shade plants and also installed the following: president, Mrs. Ferris Jones: vice president Mrs. John Brooks; secretary, Mrs. G. H. Hodgins; treasurer, Mrs. Emil Stark and national representative, Ray Purtee. Mrs. Lowry and E. H. Hodgins are directors.

MORE MILK

California cows produced 4.9 per cent more milk in 1959 than in 1958 for a total well over 7½ billion pounds; have set new quotas for 1960.

Fire Calls, Ambulance Runs

Three ambulance calls and a fire run constituted the major activities of the Spring Valley Fire Dept. for the week of March 29-April 5.

The lone fire call was at 8833 Bigford in the Mt. Miguel Terrance area. It was a grass fire and cause was given as boys playing with matches.

The three ambulance calls were April 1 at 9202 Carthay Circle. Mrs. Ethel Jones, 81, suffered a possible heart attack and was taken to Grossmont Hospital; April 2, at Troy and Bancroft. Ellen Gravimaski, 8 years old, of 2430 Central, riding her bicycle, collided with a car. No injuries were reported; On April 4, Mrs. Ethel Claypool, 41, of 3420 Par, Brookside, suffered either a heart attack or a stroke and was taken to Grossmont Hospital.

Regarding the fire call in which boys were playing with matches, Chief Berger says that grass and brush are getting dryer and dryer as summer nears and that it looks like we will have an abundant crop of weeds this year.

"Will parents please talk to their youngsters about the danger of fire and please keep matches, cigarette lighters and other means of setting fires, out of reach of the young folks?"

Chief Berger says that now is the time to clean up Brush and other fire starters away from the houses before the annual fire season starts April 15.

Student Wins Navy Special Award

Helix high school student Ronald LaBorde was given a special Navy science cruiser award Saturday at the Greater San Diego Science Fair for his study of the adaptation of an organism to gravitational forces.

He spun rats on a homemade centifuge to produce "G" effects on them.

SCHOLARSHIP

John F. Stiteler, 1721 Glencoe, Lemon Grove, a student at St. John of the Cross school, has been awarded a $250 one-year scholarship to St. Augustine high school, the Very Rev. John R. Aherne, principal of St. Augustine, has announced.

Local Civil Defense Man Cited by National Unit

Lester J. Wadsworth, San Diego County civil defense director, has been cited for "his efforts in making the greatest contribution to the cause of civil defense in Region 7 of the United States."

The citation, in the form of a certificate, was issued by Walter P. Halstead, of Minneapolis, president of the United States Civil Defense Council. Region seven includes California, Nevada, Utah, Arizona, Hawaii, Guam and American Samoa.

Wadsworth has been in charge of the civil defense program in the unincorporated area of San Diego County for more than eight years. He was assistant director from 1951 to January 1, 1958. He has served as director of county CD since then.

He is currently treasurer of the Southern California Civil Defense Association and chairman of the National Committee on Surplus Property of the United States Council. Wadsworth served for one year as vice president of the USCD Council in Region 7, then comprising 10 western states and territories.

Avondale PTA Spotlights Library

Attention is being called to the County Public Library at 8814 Troy st., Spring Valley, by the Avondale PTA this week.

According to Mrs. M. Horowitz, publicity chairman for the PTA group, the library is open Tuesday and Thursday each week from 2:30 to 7 p.m. On Saturday it is open 10 a.m. to 3 p.m.

The present circulation amounts to only 20,000 volumes a year, but new or additional facilities will be installed when the demand warrants it. Special awards are given to children reading ten or more books.

The mobile unit is not available for the Spring Valley area as this is a service provided by Federal Government, but if enough of the population in the Spring Valley area use the facilities available, it is possible that a new library will be planned for the community, according to Mrs. Horowitz.

Fire Auxiliary Elects President

The Woman's Auxiliary of the Spring Valley fire department at last week's meeting named Mrs. Florence Rauscher as publicity chairman and Mrs. Vivian Lawton as "good cheer" chairman.

In other business, it was reported that the orchestra has been hired for the annual Fireman's Ball, to be held June 18 in the Spring Valley Chamber of Commerce hall. The orchestra is the "Sentimentals," a local group from Spring Valley Estates.

SD Junior College Summer Session Schedule Announced

Dates and the schedule of classes for the San Diego Junior College 1960 summer session have been approved by college authorities, Dr. Robert S. Hamilton, dean of the summer session, has announced.

The six-week session will begin Monday, June 27, and will end Friday, August 5. Day and evening classes will be maintained five days a week. Day classes will meet from 8 a.m. to 12 noon, and extended day classes will be held from 6:30 p.m. to 9:30 p.m. A maximum of 6 units may be taken for college credit during the summer session.

Broad offerings in each of the three main divisions of the college's instructional program, arts and science, business, and technical, are planned, Hamilton said. 159 classes in 77 different fields of study have been scheduled. Classes will be conducted on the main campus, 1425 Russ Blvd., the business campus, 835 12th Street, and the San Diego High School campus.

Walker Scott Cornerstone Laid In College Grove Center

Shopping Center Due to Open In Mid Summer

The cornerstone of the new Walker Scott Company store in College Grove Center was laid in a mid-morning ceremony Monday, presided over by George A. Scott, president and chief executive officer of the Walker Scott Company.

The new store will be the largest of 60 stores in the county's first regional shopping center. The building, already structurally complete, has three levels, comprising 160,000 square feet of floor space. A grand opening is planned for midsummer. The cornerstone ceremony marks the beginning of final phases of preparation for the public opening.

Construction of the Walker Scott store and of College Grove Center was hailed by officials of the San Diego and Lemon Grove chambers of commerce as "a significant step forward in the area's growing economy." Congratulatory letters from S. Falk Nielsen and John F. Borcher of the San Diego Chamber of Commerce and L. R. Folda of the Lemon Grove Chamber of Commerce were presented for enclosure in the cornerstone by John W. Adlon, vice president and store manager of Walker Scott College Grove.

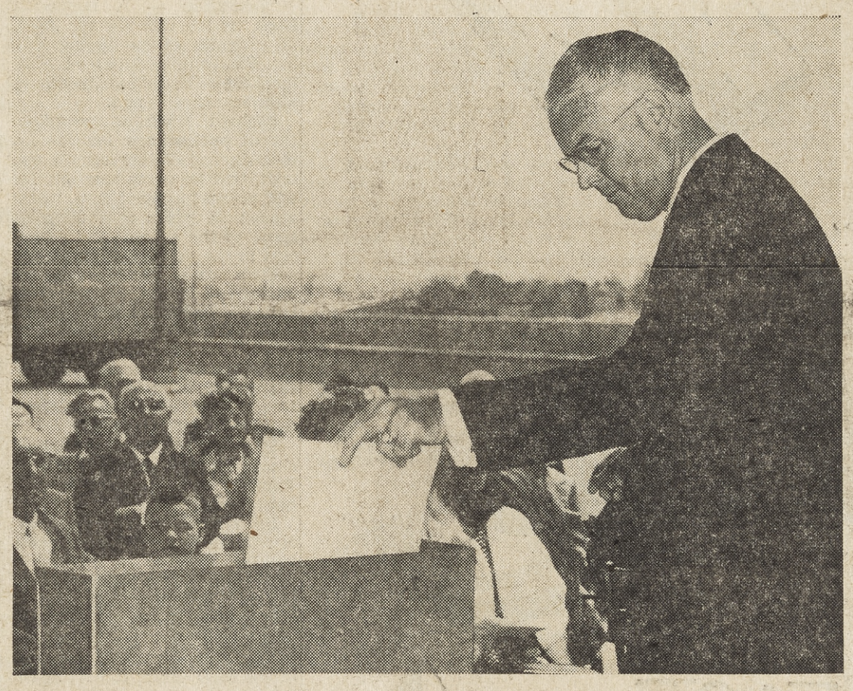
The setting of the cornerstone was accomplished by James C. Michaelson, supervising architect for John Graham Company; Robert Golden, president of M. H. Golden Construction Company; Ed Harris, project manager, M. H. Golden Construction Company; and Marvin L. Blum, general manager of College Grove Center.

Placed within the cornerstone was a steel box which contained letters of commemoration, documents tracing the history of Walker Scott Company, books containing the autographs of all employes of the company, Scott family mementos and items of historical interest to generations of the future.

Barry F. Knudson, vice president and general manager of Walker Scott Co. and president of the San Diego Stake of the Church of Jesus Christ of the Latter Day Saints, gave the invocation.

The new Walker Scott store at College Grove Center is third in the company's growing group. The company opened its downtown store at Fifth and Broadway in 1935 and a year ago purchased Stevenson's in La Jolla, which is operating under its original name..

College Grove Center, location of the new Walker Scott store, is situated on the north side of State Highway 94 at College Avenue, with direct access from Route 94 and access from all other major traffic arteries serving the area. The store complex, of which Walker Scott is a part, is surrounded by a parking area capable of accommodating 5,000 cars at one time.



FOR POSTERITY — George Scott, founder of Walker Scott Co., and original developer of the College Grove shopping center, drops letter in corner stone at ceremony at the center earlier this week. Ceremony was attended by large group of local and San Diego dignitaries and civic leaders. Lemon Grove community is in background in picture.

Public Finance Corp. To Open Office Here

Public Finance Corporation will open a new office at 7562 Broadway in Lemon Grove on next Tuesday. Announcement of opening plans was made by E. L. McGrath of Los Angeles, executive supervisor of the company's Western division, which includes more than 60 offices in California.

A five-year lease for the 1,400 square foot office was signed by the Company with the Broadway Developing Company, Inc., 7366 Broadway.

O. L. Warden of Lemon Grove has been appointed manager of the new Public Finance office.

Before his promotion to manager of the new office, Warden was serving as senior assistant manager of the Public office in El Cajon, where he recently completed the company's managerial training program. Warden was educated in the public schools of Lemon Grove, and graduated from Helix High. Before joining Public in 1957 in El Cajon, Warden served with the U. S. Air Force. He and his wife, Barbara, live at 3222 Acacia Street.

"For the convenience of our customers, Public is opening a number of new offices in suburban locations and in shopping areas," Warden said. "The new Lemon Grove office is on the ground floor, and features modernistic furnishings of light walnut. Use of glass panels, fluorescent lighting and pastel walls give the office a pleasant, open feeling," he said.

The public is invited to view the new office on Tuesday, when an open house is planned between the hours of noon and 3 p.m. A number of community and company officials have been invited as special guests to officially open the new consumer finance office.

Chamber Affair Honoring Parker Attracts 60

The Lemon Grove chamber of commerce honored its past president, Bill Parker, Saturday night at a dinner-dance at the L.G. Bowlero.

More than 60 persons, members of the chamber and their guests, attended.

Parker, who guided the chamber to its first full time office and full time manager, was transferred from this area by the Pacific Telephone Co. earlier this year. He is now district salesmanager at Alhambra.

Gifts, and kind words, were in profusion for Parker. Supervisor David Bird and Assemblyman Jack Schrade were among the speakers. Jim Spears made a presentation of a suitably engraved electric clock to Parker in behalf of the chamber.

Fourteen other speakers representing groups, clubs and organizations here, paid homage to Parker.

Max Goodwin was master of ceremonies. Larry Folda, chamber president, presided at the affair.

NAVY REINLISTMENT

James E. Cook, Yeoman Chief Petty Officer, U.S. Navy, a resident of Spring Valley, recently reenlisted for six years. He is attached to the staff of Commander, Amphibious Force, U.S. Pacific Fleet, whose headquarters are in Coronado.

What's Doing In the PTA?

Mrs. John D. Page Sr. of 6250 W. Manor Dr., La Mesa, was elected president of the Spring Valley Junior High School PTA at that group's last meeting.

Other officers elected were Mrs. Gerald Fuller, first vice president; Mrs. Howard Skinner, second vice president; Mrs. Fred Poirer, third vice president; Mrs. Robert Day, fourth vice president; Mrs. Louis Hummer, secretary; Hugh Sturdivant, treasurer; Mrs. Richmond Barbour, historian; Charles Calkins, auditor.

The new president has been active in PTA work for several years. She, her husband and two sons were residents of Oceanside before moving to this part of the county. Their first home in this area was in El Cajon. She was active at Northmont Elementary School, serving on several committees. She was historian for the S.V. Junior High PTA this past year. John Page Sr. is a superintendent with the phone company. One son, Timmy, is in S.V. Junior High and the other son, John D. Jr., is married and lives in El Cajon.

—o—

The Lemon Grove junior high school PTA executive board has changed its meeting to April 19. It will be held at 7:30 p.m in the homemaking room of the school.

There will be no regular meeting held this month. Plans are being made now for the demonstration by the physical education dept. in May.

Officers elected to serve the PTA next year are: president, Rush Rowley; first vice president, Mrs. Harold Wolfarth; second, Mrs. C. J. West; third, Mrs. F. W. Hunter; fourth, Mrs. W. J. Flores; fifth, Mrs. H. M. Foote; sixth, Mrs. Robert Thurman; recording secretary, Mrs. Martin Cooper; corresponding secretary, Mrs. M. Ugrin; treasurer, Mrs. H. W. Waples; historian, Mrs. Stanley Yanchul; and auditor, John Winterhouse.

—o—

"Education — A Backward Look" is the title for the April 21 program of the Spring Valley Elementary School PTA meeting, to be held in the school auditorium at 7 p.m.

Richard Manzella, co-ordinator of publications for the La Mesa-Spring Valley school district, will be guest speaker. He will present a silent film, taken almost 25 years ago, showing some of the schools and education in the district at that time.

Fifth grade mothers will be hostesses of the evening and Brownie Pack 136 will present the flag ceremony.

—o—

"Music Hath Charm" is to be the theme of the Monterey Heights PTA meeting, April 19, in the school cafetorium.

The Mt. Miguel high school choir, directed by Mr. Robert Boucher, will present a half hour concert.

Dr. Wm. C. Rust of Cal-Western University will be the guest speaker.

Tickets for the Southern California Exposition and County Fair will be available. The San Diego Children's Dental Health Center will receive 10 per cent of the total sales. Tickets again this year, will be 75 cents for adults, (a saving of 25 cents on gate admission) and 25 cents for children.

Hostesses for the evening are first grade mothers.

—o—

board meeting was held at the school. Mrs. J. D. McCaffrey, Mrs. W. E. Jones, and Mrs. J. V. Ugrin were hostesses for the evening. Final plans were made for the fashion show which will be held April 28. The setting for the home-made fashions to be shown that evening will be in "A garden of roses."

A vote of thanks should go to Mrs. H. K. Thurslund, parliamentarian, for her help and guidance in the decorations. Mrs. Thurslund is owner of the Grove Display and Party Supply in Lemon Grove.

Mrs. L. L. Hansen, magazine and emblem chairman, this year made the California Parent-Teacher Magazine Honor roll, the first time this has happened in the school history.

—o—

The next meeting of the Avondale PTA will be held on April 19 at 7.30 p.m. in the Mt. Miguel high school auditorium.

Mrs. Marie H. Metheny, placement officer of the district attorney's office, will be speaker of the evening. Her topic "Community and State Programs for Retarded Children" is one which will be of interest to many, and for this reason, the meeting is open to the public.

A community room will be available for child care for children two to eight years of age, and will be under adult supervision.

Bardacke Wins Zone 'Speakoff'

Paul Bardacke of Lemon Grove, 15-year-old Helix high school sophomore, last week won the Optimist Club "speakoff" over contestants from all of San Diego and Imperial counties.

He will represent the area in the all-California contest at the Coronado Hotel in May.

Bardacke spoke on the assigned topic of "The Voice of Optimism." The zone speakoff was held Friday at Casper's Club in El Cajon.

YARD SHRINKS

SAN DIEGO (CNS) — A request for a zoning variance submitted to the County Planning Commission Friday by Dale C. Tennis, 9017 Orville Street, La Presa, who said he wanted to build a covered patio, was given conditional approval recommendation. Tennis is asking that his rear yard be reduced from 25 to 16 feet. The commission tacked on the stipulation that the patio not be enclosed. Screening was declared not to be enclosing the patio.

Pony League Signup Too Successful; Now Has Sponsor-Money Problem

The Lemon Grove-Spring Valley PONY league has been so successful in signing up boys for this year's season that its officials are desperate, according to league president Elton Loveland.

Loveland said that 175 boys in the 13-14 age bracket have signed up, a record enrollment.

A general meeting of league officials and sponsors is scheduled for 7:30 p.m. next Wednesday at the Lemon Grove Youth Center. The meeting is open to the public.

"The biggest problem we now face," Loveland said, "is a financial one. We must find the money to pay for uniforms and equipment for the boys. And that money will have to come from team sponsors.

"Sponsors can be organizations, businesses or individuals who, because of love of baseball and the youngsters, support the equipment expense of one or more players—or even a whole teams of 15 boys."

The league schedule calls for 84 games, "so the cost of baseballs and bats alone runs to a large expense," Loveland said.

Potential sponsors can call Mrs. Leah Hogarth, HO 3-1609, for information.

PONY League is a national organization having 60,000 boys playing baseball during the summer. PONY is the abbreviation for Protect Our Nation's Youth.

The ways and means committee of the local league has announced that a fund-raising tour of Hollywood and a television show "It Could Be You" is scheduled for May 24.

Reservations for the tour will be on a first-come, first-served basis. Information can be obtained from Edith Gosselin, HO 31414, or Mrs. Hogarth, HO 3-1609.

Miguel Batmen Drop Two More League Tilts

By Bill Ott Jr.

Mt. Miguel's baseball team dropped its fourth and fifth straight Metro League games last week, as Chula Vista smashed the Matadors 12-5 last Tuesday at Miguel and El Capitan nipped the Miguel nine 7-5 Friday afternoon on the Vaquero diamond.

Matador hurler Ron Scagliotti got off to a shaky start against the Spartans of Chula Vista and Bill Leep had to come into the game and put out the fire, but the Spartans still managed to score 4 runs in the first frame.

Bill Thornton relieved Leep in the fifth inning after the Spartans had already built up a sturdy 10-2 lead. Charlie Chance's home run with 1 man on gave the Miguelers 2 runs in the bottom of that frame.

Fred Olmsted handled the pitching chores for the Spartans until the sixth when he was relieved by Reed. Olmsted was the winning pitcher while the loss was handed to Leep.

Chula Vista collected its 12 runs on 11 hits and was charged with 1 error, while Miguel tallied its 5 runs on 7 hits and muffed 4.

El Cap and the Matadors battled Friday afternoon as the Matadors were trying to break the Vaqueros all-wins-no-losses streak while trying for the Metro victory.

The Matadors scored 2 runs in the first inning and the Vaqueros duplicated the amount in their half of the frame, but the costly point for Miguel came in the third stanza when the Vaqueros rallied for 2 runs, the margin for the victory. Both teams each scored 3 runs in the fifth to round out the scoring column.

Jim Hill went the distance on the mound for the winners and picked up the victory and Bill Thornton did the same for the Miguelers and received the loss.

Miguel collected 5 hits and committed only 1 error and El Cap pounded out 9 hits and was charged with 3 errors.

Little League Season Opens On April 24

A marine color guard will help open the 1960 Little League season in Lemon Grove at 1:30 p.m. April 24.

All major league teams will play in the opening-day game, each team scheduled for three innings.

The schedule:

The Dodgers, sponsored by Lemon Grove Sporting Goods managed by John Odneal and coached by Martin Hall, vs the Tigers, sponsored by the Food Basket, managed by Jim McClure and coached by Frank McCollister.

The Indians, sponsored by Lemon Grove Kiwanis Club, managed by Bill Kellison and coached by Kenneth Schnell, vs the Braves, sponsored by Bay Shore Motors, managed by Al Burke and coached by Al Stoehr.

The Cubs, sponsored by Walker Scott Co., managed by Greg Rodriquez, and coached by Jack Wilkinson, vs the Yankees, sponsored by the Lemon Grove Lions Club, managed by Robert Kreger and coached by William Taylor.

The games are to be held on the Little League field behind Monterey Heights school.

Helix Ball Team Remains in Second Place

Helix High remained in the second place position on the baseball front last week after downing the Hilltop Lancers 5-2 last Tuesday afternoon and then falling at the hands of the Grossmont Foothillers Friday, 7-4.

Helix had a chance to claim a sole second place but the loss to the Foothillers left both teams in a two-way tie for that position.

The Scots held the Lancers scoreless until the seventh inning when they picked up their 2 runs. Helix scored three times in the third stanza and twice in the sixth.

Hilltop collected only 4 hits off the two Helix chuckers and had a poor day on the field committing a total of 5 errors.

The Highlanders managed to rap for 6 hits and were charged with 2 errors.

Martin was the winning pitcher for Helix and Campbell was the losing pitcher for the first years Lancers.

Grossmont got to Helix' John Lippert in the first two innings for 5 runs before George Sherrod came in to take over the chores. The Foothillers collected their remaining 2 runs in the top of the seventh inning for the victory.

Helix picked up all four of their runs off Neil McClellan who went the distance in the fifth frame.

McClellan took victory honors while Lippert was credited with the loss.

Grossmont, out hit the Highlanders 5-3, but both teams muffed 3 times on the field.

Tracksters Hit Two in Row For Mt. Miguel

In track last week the Mt. Miguel Matadors hit the winners column twice with a 91-13 rout over the Sweetwater Red Devils Tuesday and a narrow 54-50 win over the El Capitan Vaqueros Friday. Both meets were on the Matador cinders.

Bob Faucher was the standout for the Miguel cindermen with victories in the low and high hurdles in both meets.

Helix buried Hilltop 84-20 Tuesday afternoon, but fell to Grossmont Friday, 57½-46½.

Zoning Requests Win and Lose Before Planners

SAN DIEGO (CNS) — Two zoning variance requests on property in Lemon Grove were approved Friday by the County Planning Commission and one was denied.

The "thumbs down" went to Omer C. Kemp, 2324 DiFoss, who told the commission he wanted to build a room on the rear of his home because his living room is too small for his five children.

He asked for permission to reduce his rear yard for 25 to 20 feet to allow for the construction.

The commission suggested that Kemp revise his request and build the room on the side of his house.

Approval was given by the commission on an application by Josephine Abel, 2648 Citronella, for a reduction in rear yard depth from 25 to 13 feet to allow for construction.

The second vote of approval was on an application submitted by Vanguard Homes for a reduction in rear yard area of property at 2120 Locke Place, Lemon Grove. The firm asked that the reduction be from 25 to 15 feet.

Firemen Ask Pay Raise

The Lemon Grove board of fire commissioners shelved a request for a five percent increase for all fire personnel at their monthly meeting Tuesday night.

Secretary Bob Vaught said the request was a budgetary matter and would be studied as part of budget at a later meeting.

The commissioners elected Tom Parsons as chairman of the board and Skip Heidick was made secretary, replacing Vaught. The commission is comprised of three.

In other action the group called for bids on a 1,000 gallon triple combination pumper which will cost approximately $27,500. Two new firemen are to be hired during the summer and examinations will be conducted for promotions to shift captains. Five engineers of the department are eligible.

A special meeting is scheduled for April 26 to open bids on the new pumper. The meeting will be held at the fire station.

Coordinating Council Looks at Past Activity

This is another in the series of articles relating to the Lemon Grove Coordinating Council. The material was supplied by Mrs. James Martin, publicity chairman for the group. The Rev. E. Walter Smith, pastor of the L.G. Congregational church, is president.

WHAT HAS THE COORDINATING COUNCIL DONE?

The need for a recreation program for the area was of greatest interest to all concerned and they voted to sponsor the formation of a Community Services District which would have the power to levy taxes to provide the funds for recreation services. Members circulated petitions to bring the issue to a vote of the people and distributed information.

They were successful in bringing it to an election, which failed. The total vote count was less than the number of registered voters who signed the petitions and it is very doubtful if many of the "no" voters signed these petitions. The Council could hardly be held responsible for the complacency and apathetic attitude of the public. It did point out more poignantly the need for continued effort to unite the many groups who were genuinely concerned about the progress of this community, and had the courage to work for it—not sit and wait for the inevitable deterioration to set in.

The Council is now in the process of setting up four committees to function in a study and advisory capacity, with the exception of the Public Relations Committee which is attempting to establish greater representation and interest thru publicity and other means. The others are concerned with 1. Public Health and Welfare; 2. Recreation and, 3. Government. Volunteers from the member organizations have come forth to work on the Public Relations and Public Health and Welfare committee but as yet the other two have not been formed.

Third Graders Learn of Indians At SD Museum

Third grade students at Vista La Mesa are convinced that not all the Indians are on TV. Nor are they engaged in battling the early settlers during their waking hours.

During a class visit to the San Diego Museum of Man last week, pupils learned about the home life, the trading posts, and cultural development of the Southwest Indians.

As a spur to greater interest in the social studies project now underway in the third grade, Mrs. Martha Whaley planned the tour to the museum. Life size exhibits, complete with hogans, gave the students a picture of the early people being studied. Added attraction on the trip was the Foucult Pendulum which demonstrates the rotation of the earth around the sun.

Mt. Miguel Student Wins Art Contest

Mount Miguel high school freshman Don Peters, son of Mr. and Mrs. Lester A. Peters of 3737 Grove Street in Lemon Grove, has won a first place in a national art contest.

He won a certificate of merit in the 1960 Scholastic Art Awards, which are conducted nationally by Scholastic Magazines and locally by Bullock's Department Stores of Los Angeles. His winning entry was a pen-and-ink drawing, which is now on display at Bullock's Santa Ana store.

This was his first major contest, and Mount Miguel's initial effort entering the Scholastic Arts competition. Approximately 180 projects were entered.

QUEEN CONTEST

Nearly 200 girls in eighteen San Diego County communities are competing for the title of 1960 Fairest of The Fair to reign over the Southern California Exposition in Del Mar June 24-July 4.

NOTICE OF PROPOSED CHANGE OF ZONE BOUNDARIES OR CLASSIFICATION
(Lemon Grove Zoning District)

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Diego will hold a hearing on Tuesday, April 26, 1960 at 11:00 a.m. in the Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, on the application of W. L. Tyson for an amendment to The Zoning Ordinance (County Ordinance No. 1492 (New Series)) to change the zone classification of the following described real property from R-2-A Zone to C-2 Zone and R-4 Zone:

All that portion of Lot 5 of Subdivision No. 2 in Lot 12 of the Partition of Rancho Mission in the County of San Diego, State of California, according to Map thereof No. 686 filed in the Office of the County Recorder, bounded on the north by Broadway, on the south by Golden Avenue, on the east by Washington Street and on the west by a line parallel with and 410 feet westerly of the easterly line of Washington Street, in the Lemon Grove Zoning District.

The County Planning Commission after making the investigation and holding the hearing required by law, has recommended that a portion of the above described property be rezoned from R-2-A to C-2 Zone.

For further details reference is hereby made to the application the recommendation of the County Planning Commission, including a proposed amendatory ordinance submitted by said Commission, and a map showing the proposed change, which are on file in the office of the Clerk of the Board of Supervisors, Room 306 of said San Diego City and County Administration Building.

NOTICE OF HEARING OF PETITION FOR INCLUSION OF A TRACT OF LAND WITHIN THE HELIX IRRIGATION DISTRICT

NOTICE IS HEREBY GIVEN by the undersigned, the Secretary of the Board of Directors of the Helix Irrigation District that on the 1st day of April, 1960, a petition was filed in the office of said Board of Directors praying for the inclusion of the tract of land in said petition and in this notice hereinafter described within said Helix Irrigation District. The name of the petitioner who signed said petition is as follows:

LA MESA - SPRING VALLEY SCHOOL DISTRICT OF SAN DIEGO COUNTY, CALIFORNIA
Signed by: Cyril J. Padfield, President
Signed by: Emerson M. James, Clerk

The tract of land proposed by said petition to be included in said District is described as follows:

All that portion of Lot 2 in Section 17, Township 16 South, Range 1 West, San Bernardino Base Line and Meridian, in the County of San Diego, State of California, according to United States Government Survey thereof, described as follows:

Beginning at the intersection of the Northerly line of said Section 17 with the Westerly line of land conveyed to the County of San Diego by deed recorded July 22, 1954 in Book 5309, page 111 of Official Records of said County (Road Survey No. 1271), said intersection being a point on a curve concave Westerly the center of which bears North 64°04'49" West 1720.00 feet from said point;

1. Thence Southerly along said Westerly line of Road Survey No. 1271 to an intersection with the Southerly line of that parcel of land conveyed to the La Mesa-Spring Valley School District by deed recorded August 24, 1959 in Book 7844, page 221, Official Records of said County, said Southerly line being parallel with and distant 125.00 feet Southerly, measured at right angles, from the Northerly line of Lot 2 in said Section 17;
2. Thence North 89°47' West along said Southerly line to the Southwest corner of said land conveyed to La Mesa-Spring Valley School District;
3. Thence North 0°15'18" West along the Westerly line of said La-Mesa-Spring Valley School District land to the Northerly line of said Section 17, being a point on the boundary of Helix Irrigation District;
4. Thence Easterly along said Northerly line of Section 17 and said Helix Irrigation District boundary to the point of beginning.

NOTICE IS HEREBY GIVEN that said Board of Directors will hear said petition and objections thereto at 9:00 o'clock A. M. on Tuesday, May 10, 1960, said day being the regular meeting day of said Board next after the expiration of the time for the publication of this notice. Said hearing will be held at said time in the office of said Board, at 8111 University Avenue, in the City of La Mesa, in the county of San Diego, State of California.

NOTICE IS HEREBY FURTHER GIVEN to all persons interested in or that may be affected by the proposed inclusion of said tract of land within said district to appear at said time and place and show cause in writing, if any they have, why said tract of land or any of it should not be included as proposed in said petition, to which petition reference is made for particulars.

Dated this 12th day of April, 1960.

MARGARET C. PENRY
Secretary of the Board of
Directors of Helix Irrigation
District.

Scout News

Cub Scouts of Pack 329, Spring Valley, are launching a "Keep Spring Valley Clean" campaign, says Cubmaster Jack Leezy. Before the campaign can get under way it will be necessary to collect 28 oil drums of the 20 gallon size, Leezy says. Also needed will be the loan of a spray gun and compressor. The drums will be painted blue and gold (Cub colors) and the San Diego Paint Co. has promised the paint, Leezy said.

The 28 painted oil drums will be placed at various spots around the Valley and those donated will carry the name of the person or business donating the drum. For further information call Jack Leezy at HO 6-5210.

Edward L. La Salle, Local Business Executive, Dies

Edward L. La Salle, 56, a Lemon Grove, San Diego and Mexican business executive, died Monday at his home at 3166 Bancroft dr., Spring Valley.

He was owner of La Salle Enterprises. One of his major outlets is at 7285 Broadway in Lemon Grove. He also owned the La Salle Freight Co. and Rancho Hacienda in Sinaloa, Mexico, and was a director of a Mexican bank. He lived in San Diego County 44 years.

Surviving are his widow, Carman; four sons, Edward L. Jr.; John, Roger and Arthur; three daughters, Mrs. Rose Leary, Mrs. Aurora Elsa Fierro and Miss Gloria La Salle; a brother; a sister, Mrs. Catherine Pendleton of San Diego and 15 grandchildren.

The rosary was recited at 7:45 p.m. Tuesday in St. John of the Cross Church, Lemon Grove, where requiem mass was celebrated Wednesday. Burial was in Greenwood Memorial Park. Johnson-Saum & Knobel Mortuary was in charge.

Parents Offer Help In Education Survey

Hundreds of parents in the La Mesa-Spring Valley School District have responded to an invitation to share in the district's community resources program.

Dr. Franklin Oetting, director of instructional materials said the community resources program consists of a survey of educational resources in the community and among the parents of students and a listing of those resources in an instructional materials catalog.

A total of 679 parents responded to the invitation from Superintendent Glenn E. Murdock, 433 saying they would be willing to talk to youngsters about their work, hobbies or interest, that they would be willing to send material to school for instructional use, and that they would welcome school visitors at their place of work.

A citizens advisory council committee headed by Mrs. George Birch and Mrs. Alan Perry have assisted in collecting the information and in assaying the resources provided. Dr. Oetting and personnel of the district will help determine their value to the educational program of the schools. Other uses of the resources persons are found in informational, career programs at various schools.

Murdock, Dr. Oetting and the CAC representatives thanked all those who responded to the request for help. They said that because of the great number of potential resource persons involved, it would be impossible to take advantage of all of them. Many will be contacted by representatives of the citizens' committee for further information and listing in the instructional materials catalog. Others may be contacted later and still other may not be able to be used because of space limitations or inappropriateness to the curriculum.

An earlier listing, now three years old, gives an indication of the kinds of activities covered in the community resources program. Among these are a multitude of study trip possibilities, ranging from San Diego Harbor to television stations to dairies to the telephone company and many other such locations. Individuals listed include a noted teacher of ballet, aircraft engineers, craftsmen, bankers, architects, and many more. It is this list that is being revised and brought up to date.

Jetty White Services Held

Funeral services for Mrs. Jettie White, 85, of 3469 Helix St., Spring Valley, were held Monday at Greenwood Mortuary.

Entombment followed in Greenwood Mausoleum. She died at her home April 6. A native of Kansas, Mrs. White had lived in this area about 38 years.

She is survived by four sons: Lowell White of Spring Valley, Ferris of Lemon Grove, Lyle of Denver, Colo., and John of Calif.; four daughters; Mrs. Odetta Minnis of Spring Valley, Mrs. Jettie Winter of Lemon Grove, Mrs Madlyn Swift of San Diego and Mrs. Mardey Pisarchik of San Diego; a brother and sister in Iowa; 11 grandchildren, 12 great-grandchildren, and three great-great-grandchildren.

Yield Signs OK'd At Intersection

SAN DIEGO (CNS) — A "yield" intersection at Roosevelt avenue at New Jersey avenue, Lemon Grove, has been approved by the county Board of Supervisors.

The request for either a yield or a stop sign for Roosevelt avenue traffic was initiated by Sgt. Kildau of the California Highway Patrol and presented to the San Diego County Traffic Committee.

The recommendation of the traffic group was based on sight distances and the unfavorable accident rate at the intersection.
